

DESCRIPTION

This wine is characterized by an explosive fruitiness in the nose. A perfect balance and viscosity, nice minerality, spicy, but above all lively.

VINIFICATION

The Pinot Grigio vineyards are located at an altitude of sixty meters, full of sunshine, the grapes get everything they need. Due to the old vines that have been in the rich soil since 1963, the wine is perfect. Thick and sturdy bunches grow up in peace, partly due to the wind that provides refreshment to the grapes.
