

DESCRIPTION

Lifted aromas of Key lime, honeydew melon, and passion fruit all jump out of the glass supported by hints of freshly cut grass in the background. Those fresh lime and honeydew flavors continue to the palate, joined by kiwi and subtle herbaceous notes, all mingling together in a lively way. The wine is linear and focused, ending with enticing, mouthwatering acidity that will leave you wanting more.

VINIFICATION

The fruit for this wine comes from premium growing sites in Sonoma and Napa counties that offer abundant sunshine yet moderate temperatures - ideal conditions for cultivating delicious Sauvignon Blanc. The grapes were gently whole cluster pressed while the fruit was still cool. The majority of the juice was fermented in stainless steel tanks, while the remainder fermented in a combination of French oak barrels and concrete tanks, imparting weight and texture to the finished wine. The wine was bottled with a screw cap closure to preserve the freshness and vibrancy found in this Sauvignon Blanc
