

## DESCRIPTION

The Sauvignon Blanc variety was introduced in Rueda by Marqués de Riscal in 1974. It is now one of the varieties authorised by the Rueda D.O. Control Board thanks to its great capacity to adapt to the conditions and to produce wines with high aromatic intensity, good acidic balance and mineral undertones. The wine has a pale yellow colour with greenish glints. A very complex nose with hints of fresh grass over a mineral base which gives the wine personality, and plentiful fresh fruit such as citrus fruits, pineapple or melon. It leaves a fresh, aromatic taste in the mouth and has a clean, long finish.

## VINIFICATION

The wine has been left on its fine lees for a while.
