

DESCRIPTION

This lively wine is full of fruit aromas and dominated by lemon zest. This is complemented by notes of flowers and jasmine. A crispy and mineral taste with a long, dry finish as a result.

VINIFICATION

Acero is the Spanish word for steel and refers to the fact that this wine has never seen any oak. The grapes are specially selected for their fruit intensity and aromas, and are fermented in stainless steel. After completing malolactic fermentation, the wine is kept in the tank until the bottling, which happens during spring.
