

NEDERBURG HERITAGE HEROES, MOTORCYCLE MARVEL RHÔNE

DESCRIPTION

Dark red colour with a lush, soft bouquet of delicious herbs, berries and dried fruit. Then follows rich, intense flavours with ripe, soft tannins and herbs.

VINIFICATION

The harvested grapes are hand-selected, after which fermentation takes place in open fermentation vats. After fermentation, the young wine remains in contact with the grape skins for some time. This is followed by 26 months of aging in 300-liter barrels of French and Romanian oak. No new wood is used, as this places too heavy an emphasis on the color and finesse of the wine.

UNIQUE SELLING POINTS

- Aged in wood for 26 months.
- Rhône-style blend.
- Ode to Günter Brözel.
