

LOUIS M. MARTINI, MONTE ROSSO CABERNET SAUVIGNON

DESCRIPTION

This red wine delivers complex aromas of cherries and spices. On the palate, the wine offers classic flavors of cassis and anise framed with notes of leather, earth and spices.

VINIFICATION

The Cabernet grapes were carefully hand harvested and hand sorted. Then fed into small, open top fermenters for a 3-day cold soak before primary fermentation. After fermentation, the wine was racked into oak barrels for malolactic fermentation and aging. The grapes were aged separately for months before the final blend was assembled afterwards the wine was bottled to allow the flavors to integrate. The wine aged in barrel for 28 months, 75% new French oak, 19% new American oak.
